Seed Farms in Pennsylvania, New Jersey, and California

TERMS OF SALE.

PHILADELPHIA, January 14, 1911.

All bills purchased after this date will be charged at the prices quoted herein,—unless *special offers* are made by letter or telegram and *referred to* in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase, excepting Beans, Corn and Peas on which terms are (except when included in a general order) sixty days net or subject to a discount of one and a half per cent. for cash within ten days of invoice. *All accounts are subject to sight draft on June 10th, if payment is not received previously by mail.* Goods purchased after June 1st are payable on October 1st and subject to sight draft.

 Bills purchased on **special quotations**, made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

 **Grass and Clover Seeds, Onion Sets and Seed Potatoes** in quantity, are invariably **net cash**.

 Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Cash Discount.—We allow a discount of **Five Per Cent.** on orders accompanied by a cash remittance, and also on all bills except where Beans, Corn and Peas only are ordered (at catalog prices) paid within ten days from date of invoice, or a discount of **One Per Cent. a month** on all bills (at catalog prices) if paid before June 1st.

The Prices Quoted are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. **10 lbs. and more will be supplied at the rates per 100 lbs.:** $\frac{1}{2}$ lb. and $\frac{1}{2}$ bushel at pound and bushel rates; but *smaller quantities will be charged at a higher rate.*

NO CHARGE for Packing or Cartage.—Bags and boxes are charged *at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases.

Insurance will be effected only when so directed.

SEALED PACKAGES.—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces.—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints, and Quarts.—Two cents for each package.

In Two-Quarts and Four-Quarts.—A charge of three cents per package.

WE DO NOT COMMISSION SEEDS.—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission**. Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

Discounts TO THE TRADE From our Retail Prices.

In our retail Catalog—**BURPEE'S NEW ANNUAL FOR 1911**—are many varieties of seed and books for which frequently other Seedsmen receive retail orders. We supply

All Seeds in Packets at 50 Per Cent. Discount.

500 packets or more at 60 Per Cent. Discount.

Excepting the Three New Sweet Peas now first offered.

Small quantities from our retail Catalog, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Seeds by the Ounce,	-	-	-	-	40	per cent. discount
Seeds by the Quart or Pint,	-	-	-	-	33$\frac{1}{3}$	" "
Seeds in Collections (except "Dollar Box")	-	-	-	-	40	" "
Potatoes by the Pound,	-	-	-	-	40	" "
Bulbs in Collections,	-	-	-	-	20	" "
BOOKS on Garden Topics,	-	-	-	-	40	" "

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by mail the cost of postage will be added to the invoice.

Cable Address, BURPEE, Philadelphia.

The Burpee-Quality in Seeds

PHILADELPHIA, January 14, 1911.

THE steady increase from year to year in the BURPEE BUSINESS is due not only to the constantly widening circle of planters who have confidence in the quality of our seeds, but also to the fact that intelligent *Dealers in Seeds* recognize that *it pays* to handle QUALITY-SEEDS and thus make pleased customers.

OUR OLD CUSTOMERS,—many of twenty to thirty years' standing,—need no new assurance of fidelity on our part. Our reputation for SEEDS OF QUALITY has been built upon the constant aim to maintain the truth of our motto:—

Burpee's Seeds Grow and are The Best Seeds that can be Grown

This has been proved at FORDHOOK FARMS, which have been long famous as the largest and most complete Trial Grounds in America.

1876-1911

Thirty-five years of uninterrupted success in an ever increasing business is a record of which any firm would

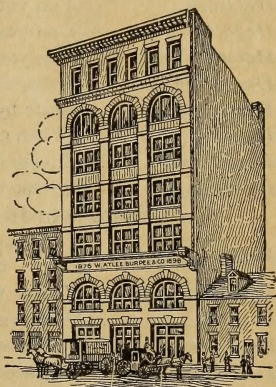

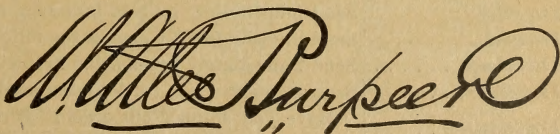

justly be proud. In order to "celebrate,"—we publish an interesting THIRTY-FIFTH ANNIVERSARY SUPPLEMENT, containing many attractive half-tone illustrations from photographs and truthful "pen-pictures" by prominent horticultural writers, which will be mailed upon application. Dealers who would like to know more about our system for the growth and distribution of The Best Seeds it is possible to produce should ask for this Special Supplement.

The prices printed have been fixed at actual values as they appear to-day. Wherever possible, however, should stocks warrant, we shall be pleased to make **quotations by mail or wire** to buyers of large quantities of any special varieties. Trusting you will favor us with your orders, which shall have prompt and careful attention,

We remain, sincerely yours,

BURPEE BUILDINGS:

<i>Dapster</i>	We are now sold out of
<i>Darby</i>	{ Part of your order went forward by express on expect to ship balance
<i>Dardanus</i>	Please repeat your message, it is not clear.
<i>Dard</i>	Cannot now supply but offer as a good substitute

Code for positive ORDERS.

<i>Dare</i>	Send immediately the following by <i>freight</i> , per special quotations.
<i>Dargie</i>	Send immediately by <i>express</i> following seeds at catalog prices.
<i>Darken</i>	Send immediately by <i>freight</i> following seeds at catalog prices.
<i>Darnel</i>	Send immediately by <i>mail</i> following seeds at catalog prices.
<i>Dared</i>	Send immediately by <i>express</i> the following, per special quotations.
<i>Darling</i>	Send immediately by <i>mail</i> the following, per special quotations.
<i>Dasher</i>	Send at once; let other seeds follow as quickly as possible.
<i>Dashing</i>	{ Have you shipped our order? If not, increase if possible our order forto.....pounds (bushels).
<i>Datary</i>	Send.....immediately by express. Balance of order by freight.
<i>Dation</i>	Duplicate our last order.
<i>Datisca</i>	Book our order and await instructions by mail.
<i>Daturein</i>	Please add to our order.

Telegraphic Cipher (or Cable Code)

FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example:

Arad Jaundice, Jean, Benares, Calliope, Lamprey, Malmo Balcony, would mean, ship at once, cheapest route, ten pounds each **HELEN PIERCE** and **JANET SCOTT SWEET PEAS**, twenty-five pounds each **BURPEE'S ALLHEAD EARLY CABBAGE** and **BURPEE'S EARLIEST WAY-AHEAD LETTUCE** and ten bushels **BURPEE'S STRINGLESS GREEN-POD BEAN**.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

IMPORTANT.—This telegraphic cipher must be used **ONLY** on orders by telegraph or cable, and never in written orders sent by mail.

TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

Dab Cefalu Carding Davit, Tokay Bacon Demur, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.00 per pound, two hundred bushels EXTRA EARLY RED VALENTINE BEAN at \$4.00 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

Dare Angola Perturb Decanter Mocha Binate Diazo, meaning : Ship at once by freight, as per special quotations, five pounds RUBY KING PEPPER at \$2.00 per pound, sixteen bushels FORDHOOK BUSH LIMA BEAN at \$7.50 per bushel.

By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3

Best Seeds that Grow for 1911,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,—giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1911.**

W. ATLEE BURPEE & CO., Seed Growers.

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogs and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "*cheap seeds*," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

Hereafter we will sell Burpee's
Seeds ONLY in sealed packages.

Packets and ounces, in *Water-tight Manila Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top a **green label**, as below :

"The Seal of Quality"

BURPEE'S SEEDS THAT GROW

FOR 1911—"BEST BY TEST"

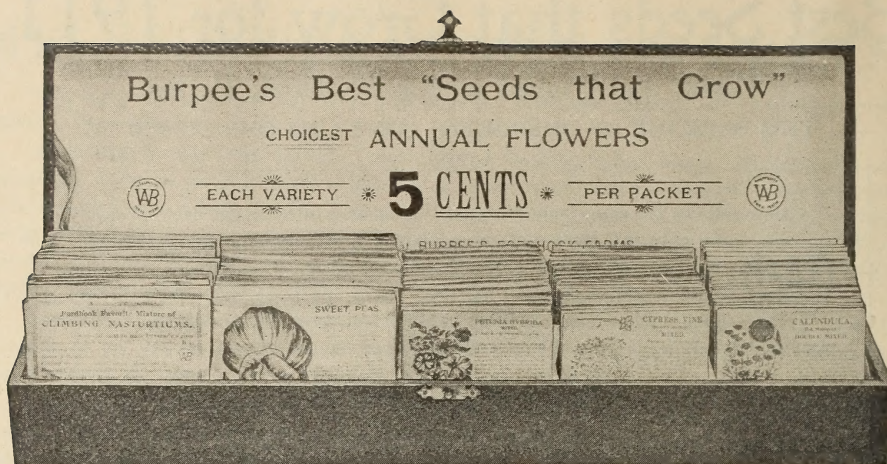

Genuine,—if this Seal is Unbroken

SEEDS IN BULK,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal.**

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired.—except that they must not be sold as **BURPEE'S SEEDS**, unless in original packages.

BURPEE'S BOX OF FLOWER SEEDS.

This box, which is fully described on page 60, contains 200 packets of the most popular quick-selling varieties, all of the best quality.

BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 61 for full description and list of varieties.

Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

This Price List Cancels all Previous Quotations

 **A Telegraphic Cipher (or Cable Code)** is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

Darken Pelew Balcony would mean: Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEAN at catalog price.

Dared Breda Cage would mean: Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per *special* quotation.

Darnel Amoy Lantern would mean: Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

 Please use telegraph cipher only for telegraphic or cable orders.

Telegrams should be addressed,

W. ATLEE BURPEE & CO., Philadelphia.

Our Cable Address is: **BURPEE, Philadelphia.**

Lower Prices could easily be quoted were we not practical growers and testers of seeds ourselves.

Were we willing to take simply the "say so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have succeeded in building up and maintaining,—in spite of close competition,—a business that is acknowledged to be the largest direct mail-order seed trade in the world.

Burying "BALLHEADS" for winter,—from Photograph taken in Denmark, November, 1909.

In 1887—Twenty-four years ago, when we introduced the DANISH BALLHEAD CABBAGE, after our first visit to the Island of Amager, little did we think that in a quarter of a century it would become so popular with large growers for market in America. It is now grown on vast areas and thousands of pounds of seed are required each year to supply our trade. We continue to have grown for us seed from the same stock that first made its reputation, and never handle any seed except that produced for us under contract in Denmark.

BURPEE'S SHORT-STEM DRUMHEAD CABBAGE,—from a Photograph.

Cabbage is more extensively grown in large areas for market than any other vegetable excepting the Potato. All growers recognize the importance of planting only the finest seed. We exercise the greatest care in growing and in selecting our Cabbage Seed. Not only are the plants grown from the best stock, but they are also inspected carefully before being put away for the winter.

About LETTUCE Seed. Practically all the lettuce seed sold in America is raised in California, but, unfortunately, the demand for "cheap" seed has compelled the majority of growers to produce seed from plants grown so closely together that they have no opportunity to form well-developed heads; nor can these crops be properly "rogued." Such seed is not to be compared with **BURPEE'S!**

Fordhook Melon

is the result of a cross between *Burpee's Emerald Gem* and the *Improved Jenny Lind*.

As shown by the illustration, it resembles the "*Improved Jenny*" in form; it is equally as roughly netted, while the skin, showing between the netting, is emerald-green. The flesh is very thick, of an attractive deep salmon color and surpassingly sweet to the very rind. It is fully equal in flavor to the *Emerald Gem*. Many say that it is even better,—"*the most delicious of all melons.*" The beautiful salmon flesh, while so surpassingly luscious, is not only

very thick, but also extremely solid. The rind, although thin, is unusually firm, so that the fruits carry well to market. There are no musk melons (or cantaloupes) that are better shippers.

Fordhook Melon

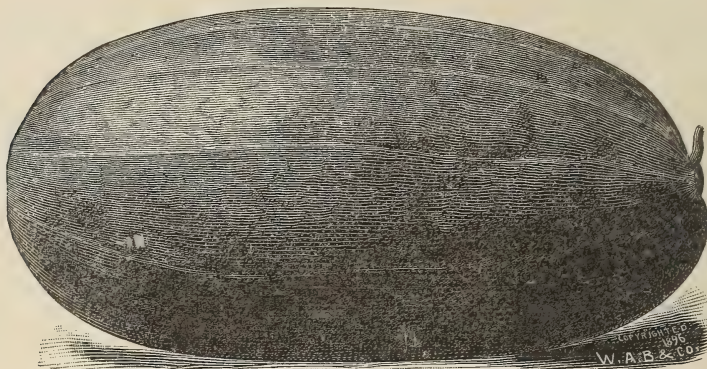

is most vigorous in growth, very early and extremely prolific. The fruits are ready for market fully as early as the green-fleshed *Early Jenny Lind*. The vines grow vigorously and each vine sets from five to nine melons immediately around the stem; frequently the fruits touch one another. The melons are remarkably even in size, weighing from 1 lb. 8 ozs. to two pounds each.

Peas are Scarcer than has ever been known before,—scarcer even than a year ago! Many varieties of Garden Peas grown for seed were nearly complete failures again in America. From our intimate acquaintance and inspections of stocks grown in England (although the crops there were also distressingly short), we have succeeded in making up most of our normal requirements. The prices paid, in most cases, have been, however, double the usual cost of production, so that even with the higher prices quoted this season our margin of profit is less than half what is usually considered necessary and fair. Without a cent of profit (and we have *very few* cents on peas this year) we prefer to protect our regular customers in supplying their usual requirements.

NOTE.—Peas are so short that on some varieties, even at these advanced prices, we can accept orders only in connection with other seeds.

Burpee's Selected Seed of TOMATOES.

Twelve of the Best Tomatoes,—first introduced or improved by “The House of Burpee,”—and of which Fordhook and Sunnybrook Strains of Seed are Unequaled!

BURPEE'S MATCHLESS (1889).
TURNER HYBRID (1886).
TRUCKER'S FAVORITE (1893).
FORDHOOK FIRST (1894).
FORDHOOK FANCY (1898).
BURBANK'S PRESERVING (1898).

GOLDEN DWARF CHAMPION (1898).
BURPEE'S QUARTER-CENTURY (1900).
CHALK'S EARLY JEWEL (1903).
BURPEE'S EARLIEST PINK (1906).
SUNNYBROOK SPECIAL EARLIANA (1907).
BURPEE'S DWARF-GIANT (1909).

Search every Seed Catalog published and you will not find any other twelve Tomatoes of similar types that can take the place of these popular BURPEE-STANDARDS. Buy wherever you may,—plant side by side,—and we think you will come to the conclusion that Burpee's Tomato Seed as grown upon our Pennsylvania and New Jersey farms is really *unequaled*! This applies not only to the above twelve but is true also of several other varieties, upon which we likewise “specialize.” Most seedsmen charge less for Tomato seed than do we,—but the seed is usually worth correspondingly less. What does the cost actually matter when you consider that it requires only two ounces of seed to produce sufficient plants to set out an acre?

Burpee's Seeds are Grown by Burpee! As a rule, this is absolutely true! Those varieties of seeds that cannot be produced to the highest standard of excellence upon our own farms are raised under private contract, subject to our personal inspection during growth in such sections of America and Europe as long experience has shown to be best adapted for their proper development. We buy no seeds upon the open market—and yet this rule occasionally has a necessary exception. The exception this season is in the case of Garden Peas, as stated on page 29.

The Value of a Guarantee is not in what is said, but who says it.

For thirty-four years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

“Proved by Test.” Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **“Best by Test.”**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products **“true to type.”** This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK and SUNNYBROOK FARMS.

New Sweet Pea,—“Rose du Barri.”

This new Grandiflora affords an *entirely new shade* in Sweet Peas. The name itself suggests the color, which is a lovely combination of deep, rich carmine-rose and orange. While the flower is not of Spencer form or size, yet it is slightly waved and for boutonnières or table decoration it is “*really a gem.*” Its brilliant beauty must appeal to every lover of esthetic shades.

The plants, of strong vigorous growth, are wonderfully profuse in bloom,—and every flower is alike! The crops growing at our Fordhook Farms have attracted great attention the past two seasons. One of the leading experts of England,—MR. A. IRELAND, Marks Tey, Essex,—who had a few seeds for advance trial, writes: “It is *unique and distinct*, a charming flower of deep rose color, overlaid with a *lovely sheen of terracotta*. Foliage and haulm very dark green. One of the best decorative peas ever introduced. For artificial light it is *unsurpassed.*” In sealed packets containing twenty seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.;** in lots of 500 pkts. or more, **\$6.25 per 100 pkts.** (Cable word, DUBARRI.)

Five of the Best “Spencer” Sweet Peas.

Burpee’s King Edward Spencer. This sterling novelty is the nearest approach in color to the popular *King Edward VII* in the waved or Spencer type. The enormous flowers come uniformly waved and crinkled to a pronounced degree. The standard measures from one and three-quarters to two inches across by one and one-quarter inches deep; the wings are one and three-eighths inches wide by one and a quarter inches deep. The unusually large wings make the flowers appear *truly gigantic in size*. The standard is a deep rich carmine-scarlet of glossy effect. The wings are also carmine-scarlet and on the reverse side are of a deep rosy carmine. The strong, stiff stems are twelve to fifteen inches long and frequently carry four fine blooms, while the majority bear three flowers. Of most vigorous growth, the vines are almost literally covered with the magnificent flowers. **WHOLESALE: Per lb. \$2.50.**

Burpee’s “Re-selected” Queen Victoria Spencer. The flowers are extremely large, of the true waved Spencer type and have a most pleasing color effect. The background is quite a deep primrose, flushed with rose. The flowers are all of good substance, borne three and four to the stem; there were proportionately more sprays of four flowers than with any other “Spencer” grown by us,—excepting only the new *Mrs. Hugh Dickson*. The strong dark-green stems carry well the gigantic flowers. The vines are of strong growth and our *Re-selected strain* produces flowers that will please the most critical both as to type and color. **WHOLESALE: Per lb. \$4.50.**

Aurora Spencer. This is an exact counterpart as to color of *Burpee’s Aurora Sweet Pea*; it differs only in size and character of the flowers. The superbly beautiful flowers are of *really enormous size*. Both standard and wings are waved or fluted to a most pronounced degree. The magnificent flowers are produced most profusely in threes and fours, well placed on the end of long, stiff, dark-green stems. The ground color of the flower is a cream-white, and this is exquisitely flaked and mottled with rich orange-salmon. It bunches beautifully. **WHOLESALE: Per lb. \$3.75.**

Othello Spencer. This beautiful new Sweet Pea is decidedly the best of all dark Spencers,—far superior to the English *Black Knight Spencer*. The flowers come uniformly true to type, being beautifully waved or crinkled both in standard and wings. The long stems are thick and carry well either three or four fine blooms of a *rich deep maroon*. It is a strong grower and flowers most profusely. **WHOLESALE: Per lb. \$2.75.**

Mrs. Routzahn. The beautiful coloring is buff or apricot ground, flushed and suffused with delicate pink or a very soft rose, deepening toward the edges of the standard and wings. The flowers are of the largest size,—thoroughly crimped and waved. The standard is broad and deep; the wavy wings are so large that they usually hide the keel and are of the same soft color effect as the standard. The long stems seldom carry less than three flowers, while many bear four grand flowers to a spray. The large, beautifully formed flowers are so gracefully placed on the stems that they are sure to excite the greatest admiration. **WHOLESALE: Per lb. \$3.00.**

Burpee’s Apple Blossom Spencer. This is a reproduction of the long-time popular *Apple Blossom Sweet Pea*, but of enlarged size and true Spencer type. The petals are waved and crinkled to a remarkable degree with distinct serrations on edges of standard. Like the original *Apple Blossom*, some flowers are deeper in color than others on the same vine, but all are most attractive and bunch well. The vigorous vines are fairly loaded with the large handsome flowers, borne upon long strong stems. *Burpee’s finest Re-selected Strain that comes true from seed.* **WHOLESALE: Per lb. \$3.00.**

Burpee’s White Spencer. Produces in the greatest profusion pure white flowers of truly gigantic size. The bold standard is crinkled and fluted; the wavy wings are so folded that the keel is almost hidden. The standard measures from one and three-quarters to two inches across by one and three-eighths to one and five-eighths inches in depth. The wings are fully an inch wide and nearly as deep as the standard. The flowers are borne three and four to the stem; the stems are extra strong and twelve inches in length. The vines attain a height of eight to ten feet and are almost completely covered with bloom, while the flowers retain their large size throughout the season. *As now “Re-selected,” this is the largest and most beautiful of all white Sweet Peas!* **WHOLESALE: Per lb. \$1.50.**

Sweet Pea,—“Ethel Roosevelt.”

This is a true waved variety of the *largest and most perfect Spencer type*. There is naturally some variation even in Spencers, and **ETHEL ROOSEVELT** claims the most exclusive Spencer perfection. The ground color is a soft pleasing primrose, or straw color, overlaid with dainty flakes and splashes of blush-crimson. The crimson is not at all pronounced and simply gives some warmth and golden tinting to the yellowish groundwork. It bunches splendidly and will easily lead in this type of coloring for a long time.—*Description of LESTER L. MORSE.*

In sealed packets containing ten seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 pkts. or more, **\$6.25 per 100 pkts.** (Cable word, **ETHEL.**)

In sealed packets containing twenty seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.**

In lots of 500 pkts. or more, **\$12.50 per 100 pkts.** (Cable word, **ROOSEVELT.**)

Ethel Roosevelt

is of strong robust growth, extremely free flowering, the individual blooms being of truest Spencer type and usually produced in tours on very long stems. The flowers are of largest size and the “color combination” is unique though difficult to describe,—the ground color

being a lovely shade of cream, beautifully flaked and mottled with light rose or pinkish rose, and in addition to this exquisite color scheme the standard and wings are *waved and frilled in truest form*, the wings being well placed and not too open. Without doubt a variety of entrancing beauty.—*From notes at FORDHOOK FARMS, where we have had this new Spencer growing the past two seasons.*

New Spencer,—Mrs. Hugh Dickson.

This grand novelty is undoubtedly one of the most chaste and charming varieties yet obtained. The coloring is a rich pinkish apricot on a cream ground, shading off rather lighter towards the center of the flower. The gigantic flowers are well waved and frilled,—uniformly of the best Spencer type, and practically always borne in fours upon exceedingly long stems,—and sometimes *five flowers to a stem!* The vines, of most vigorous sturdy growth, begin blooming early and continue to flower in wonderful profusion. There are but few other varieties quite so free flowering or which retain vigor, size and substance of flower with length of stem throughout the entire season as does **MRS. HUGH DICKSON**. It is *thoroughly fixed and did not produce a single rogue or “off” plant with us during the past season*,—either at **FORDHOOK** or **FLORADALE**. We have, therefore, the greatest pleasure in now first offering **MRS. HUGH DICKSON** in America, and can safely predict that it will immediately take rank among the “*first*” best dozen *Sweet Peas*, both for exhibition and table decoration. **Per pkt. (20 seeds) 15 cts.,—less discount of fifty per cent.**

A Spray of the Grand New Spencer,—

ETHEL ROOSEVELT.
Accurately reproduced from a Photograph.

Asta Ohn. This is the *first lavender of the true Spencer type* that has originated in America. The flowers are of large size, *pronouncedly waved and fluted* in the standard, with unusually large, thoroughly waved wings. The stems are particularly long and sturdy and *each stem uniformly bears four flowers*. The color throughout both standard and wings is a *charming soft lavender*, suffused with mauve. It comes remarkably true from seed, and there were absolutely no hooded types in our crop this year. **Wholesale: Per lb. \$2.00.**

Dainty Spencer. This is an exact counterpart in coloring of *Burpee's Dainty* of the Grandifloras. The same Spencer Seedling has originated in several places and been called also *Elsie Herbert* and “*Pink-Edged*.” The stems are very long and usually carry four fine large waved flowers each. It is a most beautiful pink-edged variety; the ground color is pure white with a very distinct margin of rose-pink. The edging on the standard is considerably heavier than on the wings. The general effect is light and dainty, as the white ground is particularly clear and glistening. *A most lovely Novelty, true in coloring and of finest Spencer type.* **Wholesale: Per lb. \$7.50.**

The Only Gold Medal of the National Sweet Pea Society ever won by any growers outside of Great Britain was awarded to the American Firm of Burpee, at the great exhibition in London, July 23, 1909.

Sweet Pea,— “Florence Nightingale.”

FLORENCE NIGHTINGALE is by far **the largest and best Lavender Spencer yet introduced!** This statement is warranted by comparative trials at FORDHOOK FARMS in Pennsylvania and the magnificent field crop at our FLORADALE FARM in California. Our high opinion of FLORENCE NIGHTINGALE has been confirmed also by two leading expert English specialists, to whom the originators, MESSRS. ALEX. DICKSON & SONS, the noted Rose growers of Belfast, Ireland, had sent a few seeds for advance trial.

The flowers are *truly magnificent* and of immense size. The standard is unusually large and bold, pronouncedly waved, yet standing erect and broad,—frequently measuring two inches across. The color is most charmingly soft clear rich lavender, which is enlivened by a very faint sheen of rose-pink. The large well-spread wings are of the same coloring, frilled and well waved. It is practically a self-color and bunches beautifully,—attracting universal admiration. The plant is extremely robust in growth, flowering most profusely. The stout stems measure twelve to sixteen inches in length and a large proportion bear four well placed flowers.

In sealed packets containing ten seeds each: **Pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 pkts. or more, **\$6.25 per 100 pkts.** (Cable word, FLORENCE.)

In sealed packets containing twenty seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 pkts. or more, **\$12.50 per 100 pkts.** (Cable word, NIGHTINGALE.)

Purple Prince

Spencer. This beautiful novelty,—*now first offered*,—makes a most effective bunch both in bouquets and for exhibition. The flowers, frequently fours, borne on very long stems and well placed, are of large size and true Spencer type,—elegantly crimped and waved on both standard and wings. In the young stage they are distinctly *bi-color*, the standard being deep burnished purple-maroon, and the wings rosy purple. As the flowers develop with age the maroon color in the standard passes off, leaving the entire flower almost a rosy-purple self. **PURPLE PRINCE SPENCER** has the Spencer characteristic to a pronounced degree of dropping its flowers, instead of setting seed; thus the profusion of bloom is constant and long continued. In sealed packets containing twenty seeds each: **Per pkt. 15 cts.,—less fifty per cent.**

America Spencer.

In brilliancy of color this is almost an exact duplicate of the popular Grandiflora Sweet Pea, *America*,—but “ennobled” to the true giant waved Spencer type. The ground color is ivory-white, distinctly striped with brilliant crimson-red. It is quite similar to the new English Spencer to which the name of *Mrs. Wilcox* has been given, but is much more free flowering and more heavily marked with crimson and scarlet. The flowers are borne three and four on long stiff stems, and hold their color well till near the end of the season. **WHOLESALE: Per lb. \$7.50.**

Helen Lewis. The orange-rose wings roll and fold; the standard is reflexed, showing the distinctly *fluted effect*, and is of an *intense rich crimson-orange*. The blooms are truly of a *gigantic size*,—the ruffled standard measuring two inches across. **WHOLESALE: Per lb. \$1.50.**

A Spray of
FLORENCE NIGHTINGALE.
Engraved from a Photograph.

The Only Gold Medal of the National Sweet Pea Society ever won by any growers outside of Great Britain was awarded to the American Firm of Burpee, at the great exhibition in London, July 23, 1909.

Superb Sweet Peas of the "Spencer Type."

We were the first to grow the original *Countess Spencer* (prior to its introduction) in America. By reason of its "sportive character" it has required years of labor to perfect the original "*Countess*,"—but this same tendency "to break" has resulted in giving us a number of colors of which our RE-SELECTED STOCKS now come true from seed and will delight every lover of Sweet Peas. While most profuse in flowering they are very shy seeders and the true "*Spencer*" type can never be produced cheaply. We still offer two strains of several "*Spencers*," but the lower priced seed,—such as is frequently sold,—will not satisfy critical planters who want the true stocks.

Best Grandiflora Tall Sweet Peas,

Including all the desirable varieties—both new and old.

By hundreds of thorough trials made every year at our famous FORDHOOK FARMS we know SWEET PEAS and the merits of all the many novelties as introduced. Keeping Purity and High Quality, rather than low prices, our first aim, we have become recognized as

Headquarters for Sweet Peas in America.

Each is pure and true to name,—vastly superior to the "Cheap Seed" so largely grown without the proper care in the constant selection that is absolutely necessary to maintain first-class stocks.

OUNCES of Sweet Peas are one-tenth pound prices, except that no variety will be supplied at less than four cents per ounce. Varieties priced at 35 cts. or less per pound are charged at ten cents per ¼ pound. Varieties priced at 45 and 50 cts. per pound are charged at 15 cts. per ½ pound, while those priced at 60 cts. per pound are charged at 20 cts. per ½ pound.

For full descriptions see BURPEE'S NEW ANNUAL FOR 1911.

	Telegraph Code or Cipher.	Per lb.
Admiration. Delicate shade of rosy lavender,	Admiration.	\$0 20

The Only Gold Medal of the National Sweet Pea Society
ever won by any growers outside of Great Britain was awarded to the American Firm of Burpee, at the great exhibition in London, July 23, 1909.

An immense amount of interest was taken in the very fine display made by Messrs. W. Atlee Burpee & Co., Philadelphia, America. The name suffices as a guarantee of excellence, and we can truly add that the excellence of the flowers staged was such as to uphold the fame of the American sweet pea specialists. . . . The splendid W. Atlee Burpee Cup, for a table of Spencer varieties, was once more annexed by Mr. Robert Bolton, Warton, Carnforth, with magnificent bunches.—From THE GARDENERS' MAGAZINE, London, England, July 31, 1909.

For List of Sweet Peas of the "SPENCER TYPE,"—see page 46.

BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce will be supplied of varieties priced at 15 cts. or less per ounce.*

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK, FLORADALE, and SUNNY-BROOK FARMS or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose gardens we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold.

As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade. See page 55.

Burpee's Seeds are Famous for their Prize-Winning Products.

At the TRANS-MISSISSIPPI and INTERNATIONAL EXHIBITION, held at OMAHA in 1898, we received **Three Gold Medals** on our exhibits of *Roses*, *Cannas*, and *Sweet Peas*. At the PARIS EXHIBITION we received the **Only First Prize on Sweet Peas** and a **Silver Medal** for photographs showing views of Trial Grounds, Seed Crops, and Seed Cleaning as conducted at FORDHOOK FARMS. At the PAN-AMERICAN EXPOSITION, BUFFALO, 1901, we were awarded a **Silver Medal on Sweet Peas**.

At the WORLD'S FAIR, ST. LOUIS, 1904, the products of **Burpee's Seeds**, together with our own growing exhibits, won **TWO GRAND PRIZES, THREE GOLD MEDALS, and FOUR SILVER MEDALS**. At the LEWIS and CLARK EXPOSITION, PORTLAND, OREGON, 1905, we were awarded the only **Gold Medal** for lawns produced by FORDHOOK FINEST LAWN GRASS, and the only **Gold Medal** for growing display of Sweet Peas.

At the Annual Exhibition of the NATIONAL SWEET PEA SOCIETY in 1909 we were awarded a **Gold Medal**,—the only one ever awarded to a grower outside of Great Britain.

Summer=Flowering Bulbs

The bulbs offered here are of the finest quality, being grown especially for us: they are all true to name and are now properly stored in our warehouse awaiting orders. Twenty-five bulbs or more of one kind will be supplied at the rates per 100. Special quotations on large quantities. We call attention to our Tuberose, which are particularly fine strains.

In all, 200 Packets of Flower Seeds.

40 Varieties, five packets of each, making a total of 200 packets, which, if sold at 5 cts. per packet, amount to a **total retail value of \$10.00.**

Wholesale Price to the Trade, \$4.00 for the Box complete.

It can be sent by mail for 20 cts. additional.

Additional Packets

of any of the varieties mentioned above, to fill up the box, will be supplied at the uniform price of

\$2.50 per 100 packets, or

\$2.00 per 100 packets, when 500 packets or more are ordered at one time.

BURPEE'S POPULAR 25-CENT COLLECTIONS OF SWEET PEAS AND OTHER FLOWERS sell quickly and allow the dealer a margin of ten cents on each collection. Our collections for 1911 are better than ever before,—see pages 62 and 63.

BURPEE'S NEW CABINET

OF

VEGETABLE SEEDS.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is **\$4.00**, but we will supply the **cabinet complete**, filled with **1000 packets** of seed as enumerated below, for **\$20.00**.

The sale of these (at 5 cts. per packet) will allow a clear **profit of \$30.00**, and give the cabinet **Free**.

Burpee's New Vegetable Seed Cabinet contains 1000 Packets as per List given below.

Burpee's Collections of Sweet Peas for 1911.

The Sweet Pea Collections offered on this page include the best varieties of the "Spencer Type" which is now so popular everywhere. We anticipate a very heavy demand and feel sure our wholesale customers will find these superb assortments to be "*quick sellers*."

Burpee's Six Superb "Spencers" for 25 Cents.

Shown on Colored Plate and described in detail on page 111.

3133 ASTA OHN.

A charming soft lavender throughout.

3138 BEATRICE SPENCER.

Soft, rich pink.

3141 DAINTY SPENCER.

White edged with pink.

3148 HELEN LEWIS.

Rich orange-rose.

3159 MRS. RUTZAHN.

Apricot suffused with soft rose.

3161 OTHELLO SPENCER.

Rich deep maroon.

25 Cts. buys all the above, in regular ten-cent packets, containing 30 to 50 seeds each, except the new *Dainty Spencer* (or "*Elsie Herbert*"), of which there are 20 seeds in a 15 ct. pkt.

Burpee's Six Superfine "Spencers" for 25 Cents.

As offered and described on page 114.

3134 APPLE BLOSSOM SPENCER.

Rose and pink.

3145 FLORENCE MORSE SPENCER.

Light pink, deepening at edges.

3152 KING EDWARD SPENCER.

The best scarlet.

3166 BURPEE'S PRIMROSE SPENCER.

The best primrose.

3176 BURPEE'S WHITE SPENCER.

Largest and best white.

3181 SUPERB SPENCER SEEDLINGS.

Simply magnificent.

25 Cts. buys all the above, in regular ten-cent packets containing 30 to 40 seeds each of the five separate named varieties and 80 to 90 seeds of Superb Spencer Seedlings.

"Five of the Finest" New Spencers for 25 Cents.

As offered and fully described on page 115.

3135 BURPEE'S AURORA SPENCER.

Creamy white striped with rich orange-salmon.

3140 CONSTANCE OLIVER.

Rich rose-pink and creamy yellow suffused.

3158 MRS. C. W. BREADMORE.

Picotee pink-edged on cream ground.

3174 TENNANT SPENCER.

Rich rosy purple.

3169 BURPEE'S RE-SELECTED QUEEN VICTORIA SPENCER.

Primrose, slightly flushed with rose.

25 Cts. buys the above five, in regular retail packets (2 at 15 cts. and 3 at 10 cts.), each containing 30 seeds except *Constance Oliver*, of which there are 20 seeds.

For 50 Cts.

we will mail **any two** of the above collections *together* with your choice of any one packet (three at 15 cts. and two at 10 cts.) of the following:

3162 MRS. HUGH DICKSON.

Described on page 112.

3146 FLORENCE NIGHTINGALE.

Illustrated and described on page 113.

3155 MARIE CORELLI.

Illustrated and described on page 116.

3139 COUNTESS SPENCER.

50 to 60 seeds of our true Re-selected Strain as described on page 117. This is unquestionably the largest and best of all pink Sweet Peas.

3147 GEORGE HERBERT.

50 to 60 seeds of our Re-selected Strain as described on page 117.

For \$1.00

we will mail **all three** (or *any three*) **Collections** and **also one packet** each of the Five Spencers named above,—making in all **Twenty-two True Spencers** for \$1.00,—together with our *Leaflet on Culture* and paper on *The Spencer Type of Sweet Peas*.

You can order these as Burpee's "**Dollar Box**" of Spencers.

 In every instance the pages referred to are those of BURPEE'S ANNUAL FOR 1911.

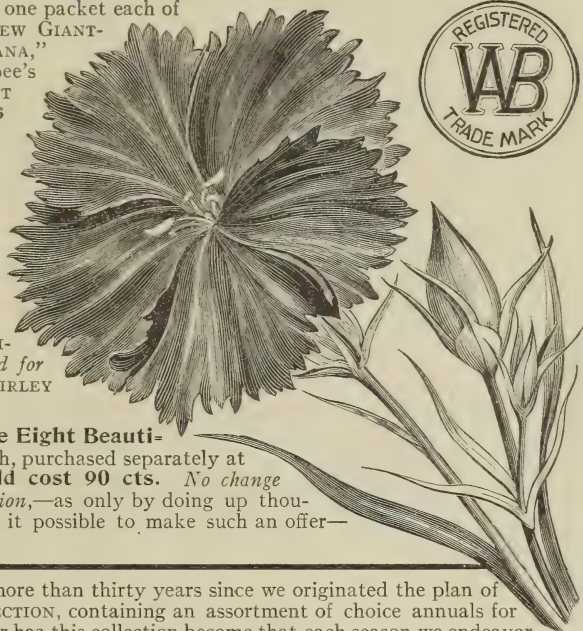

Wholesale. We offer any of the *quick-selling* popular **25-cent collections** at **\$1.80 per dozen** or each, and **75 cents** each for the "*Dollar Box*," by freight or express, at purchaser's expense for transportation charges.

W. ATLEE BURPEE & CO., SEED GROWERS AND SWEET PEA SPECIALISTS, PHILADELPHIA, PA.

Burpee's Gem Collection of Annuals.

For 25 Cts. we will mail one packet each of

the 2524 NEW GIANT-FLOWERED PORTULACA "PARANA," described on page 119; 2327 BURPEE'S New Blend for 1911 of the BEST GIANT-FLOWERED PANSIES,—1766 BURPEE'S MAGNIFICENT CELOSIA, as improved at Fordhook,—1775 CENTAUREA IMPERIALIS, in superb mixture as grown at Floradale,—1905 DIANTHUS, FORDHOOK FAVORITES, including the new *Salmon Queen*, illustrated herewith,—1975 KOCHIA TRICOPHYLLA, the popular "Summer Cypress" or "Burning Bush,"—2451 FORDHOOK PHLOX DRUMMONDII GRANDIFLORA, as improved for 1911,—and 2482 RE-SELECTED SHIRLEY POPPIES, as grown at Fordhook.

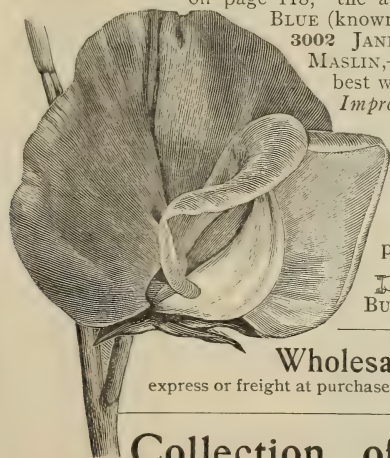

25 Cts. buys all the above Eight Beautiful Annuals, which, purchased separately at regular prices "per pkt.," would cost 90 cts. No change whatever can be made in this collection,—as only by doing up thousands in advance of the season is it possible to make such an offer—"to encourage the Beautiful."

How time passes! It is now more than thirty years since we originated the plan of offering each season a GEM COLLECTION, containing an assortment of choice annuals for only twenty-five cents. So popular has this collection become that each season we endeavor to surpass all previous efforts, and hope now to induce thousands more to begin the culture of Beautiful Flowers from seed.

Eight Elegant Grandiflora Sweet Peas.

For 25 Cts. we will mail one regular packet each of the lovely 3089 NEW HESTER, described on page 118,—the attractive dark navy blue 3046 BURPEE'S BRILLIANT BLUE (known in England as *Lord Nelson*),—the richest deep pink 3002 JANET SCOTT,—the unique rosy-crimson 3018 MILLIE MASLIN,—the beautiful orange-pink 3031 MISS WILLMOTT,—the best white 2958 DOROTHY ECKFORD,—3106 *Burpee's Special Improved BEST NEW MIXED SWEET PEAS FOR 1911*,—and a liberal packet of 3070 BURPEE'S NEW "EARLIEST OF ALL,"—*Special Re-selected "Extreme Early" strain*, which can be had only from us,—see page 157.

25 Cts. buys all the above Eight Elegant Grandiflora Sweet Peas, with our complete Leaflet on Culture.

In every instance the pages referred to are those of BURPEE'S ANNUAL FOR 1911.

Wholesale. We offer any of the quick-selling popular 25-cent collections at \$1.80 per dozen, \$13.50 per 100, sent by express or freight at purchaser's expense.

Collection of Nasturtiums for 1911.

For 25 Cts. we will mail one full-size packet each of the NEW VARIEGATED QUEEN, a mixture of Burpee's New "Royal-Race" of Tall Nasturtiums, shown on Colored Plate and described on page 108,—BURPEE'S GORGEOUS MIXTURE OF TOM THUMB NASTURTiums, described on page 138,—BURPEE'S GIANT-FLOWERED TALL NASTURTiums, illustrated on page 108,—the new complete mixture of BURPEE'S TALL IVY-LEAVED, illustrated on page 154,—DWARF LILLIPUT MIXED, described on page 138, and the strikingly beautiful marbled-leaved NEW "QUEENS" OF TOM THUMB, in mixture, as illustrated and described on page 139.

With each collection we enclose our leaflet on *How to Grow Nasturtiums.*

The illustration herewith (taken June 10, 1910) shows a bed of *Dimorphotheca Aurantiaca*, the New Golden African Daisy, growing by the entrance to

Floradale,

Our Seed Farm in the cool fertile
Lompoc Valley, California.

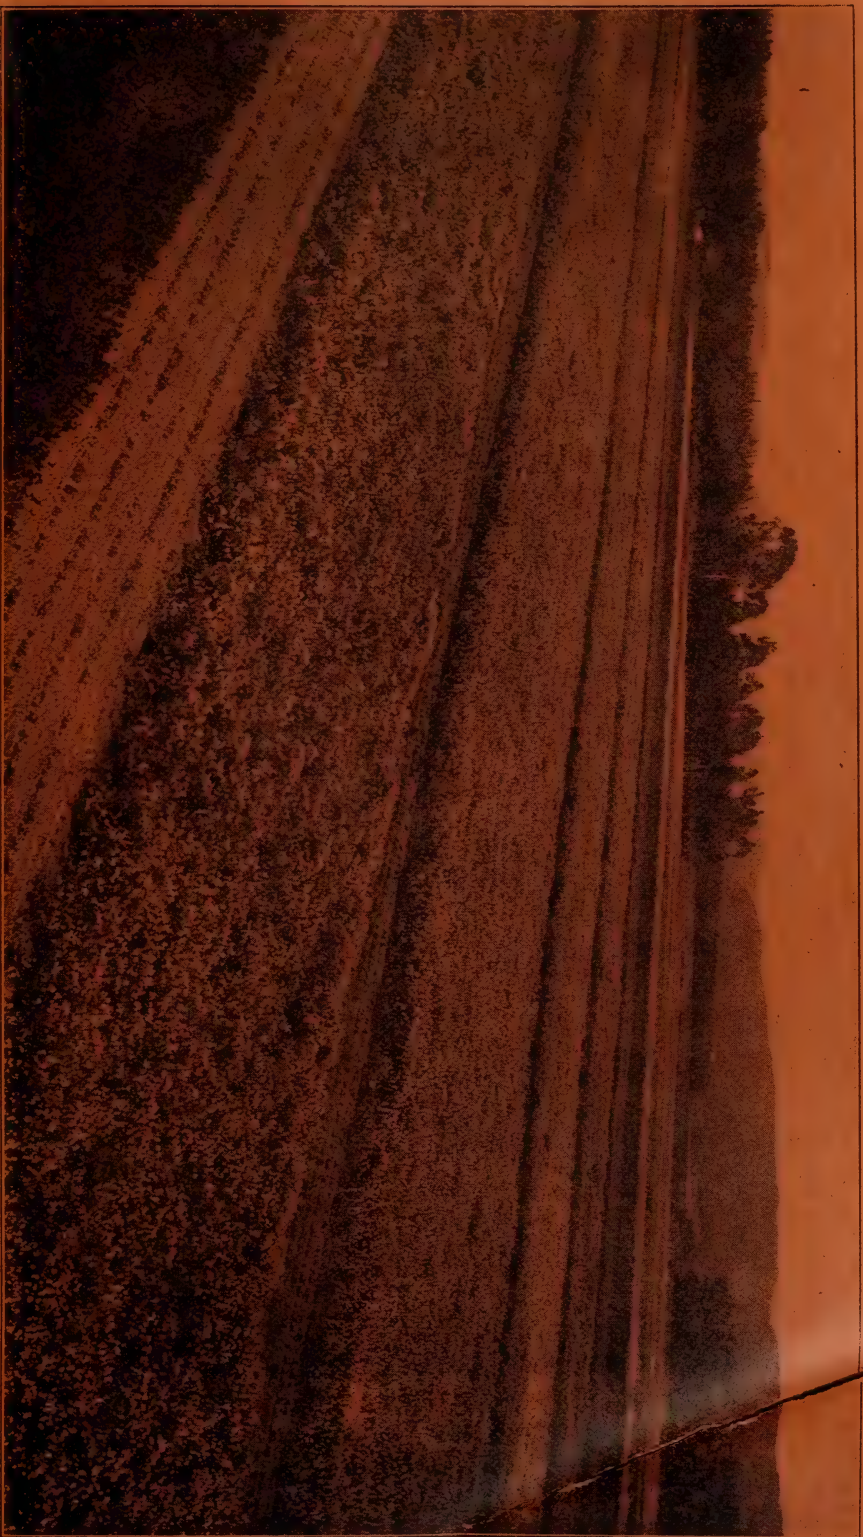

"The Lompoc Valley is a diminutive piece of country, nine miles long by five miles wide, located on the coast 172 miles north of Los Angeles. The hills surrounding it are two hundred, and some of them perhaps three hundred, feet high. The elevation at the coast is 45 feet. Lompoc is 48 feet higher, and at this particular place on the coast the ocean breezes, which are always strong, flow up that valley and keep the summer temperature so low that Lima beans will not mature their seed. This may seem incredible, but true nevertheless. Yet Ventura, 96 miles to the southeast, at the same elevation, is the great Lima bean section of the State. . . .

A year ago Burpee, of Philadelphia, decided that the location was ideal for growing Sweet Peas. He bought ground and began operations in December. Edwin Lonsdale was put in charge of the work. He is a veteran in the art of gardening, with the enthusiasm of youth and the experience of a half century as his assets. And the results. They are marvelous. The selection of the locality, and the man, by the management of the largest mail-order seed house in the world seems to be one of those fortuitous circumstances which happen to individuals and to corporations, that lead to fortune and to fame.

We have been looking on Sweet Peas grown in gardens containing a few plants, and on fields containing hundreds of acres for more than two score years, but never before during all these years have we seen flowers so large in size, and so much substance as these grown in that valley. A dozen varieties exhibited at the meeting of the Pasadena Gardeners' Association, June 17th, were the wonder and admiration of every member present."—*Editorial from THE PACIFIC GARDEN, Pasadena, California, July, 1910.*

Our friend, Luther Burbank, spent several days with us last June,—see his opinion as expressed on page 125 of BURPEE'S ANNUAL FOR 1911.

Several other views of FLORADALE, including "Acres of Sweet Peas," which were greatly admired by hundreds of visitors the past season, are shown in BURPEE'S THIRTY-FIFTH ANNIVERSARY SUPPLEMENT FOR 1911.

SWEET PEAS AT BURPEE'S FLORADALE FARM, LOMPOC, SANTA BARBARA COUNTY, CALIFORNIA.—from *Photograph taken in June, 1910.*

Philadelphia, Pa

YORK AVENUE AND BUTTONWOOD STREET FRONTS OF THE BURPEE BUILDINGS, PHILADELPHIA
CITY HEADQUARTERS OF THE WORLD'S LARGEST MAIL-ORDER SEED TRADE

The fact that the Burpee-Business is a record of continuous yearly growth is almost as much in evidence as the truth of the firm's famous motto that "Burpee's Seeds Grow." Value for value must finally obtain in all transactions of successful business, and **one reason why W. Atlee Burpee & Co. have had for many years the largest mail-order seed trade in the world is doubtless because they have always made QUALITY their first consideration.**—*From The Florists' Exchange, New York, June 5, 1909.*
